WISBECH RURAL DISTRICT COUNCIL.  
REPORT OF THE MEDICAL OFFICER OF HEALTH.  
For the year ending 31st December, 1967.

Mr. Chairman, Madam and Gentlemen,

I present for your consideration, the Annual Report on the Public Health of the Rural District of Wisbech for the year ending 31st December, 1967.

It is a pleasure to report that on 15th August of this year this Council became one of the first Rural Districts in the country to open public conveniences on a trunk road lay-by. By the end of the year these had already proved their worth, and no appreciable amount of damage had been sustained.

In April, 1967, a Family Planning Clinic opened in Wisbech to serve women in the area. By the end of the year the number of patients was increasing at each session and it is, therefore, obvious that a need is being served.

During the year there has been much discussion nationally about the accommodation of itinerant caravan dwellers. There do not now seem to be so many such people coming to this area for seasonal work, and the number who wish to remain after the end of the work period is very small indeed.

I would like to record my gratitude to Mr. Grant and the whole staff of the Public Health Department for their help. The interest, guidance and support of the Chairman and Members of the Public Health Committee have once more been a great encouragement to me.

I have the honour to be, Madam and  
Gentlemen, Your obedient servant,

*A. J. C. Martin*

GENERAL STATISTICS.

Area of District .....	49,841 acres.
Estimate mid-year population for 1967 .....	13,170
Estimate mid-year population for 1966 .....	13,070
Rateable Value 1st April, 1967 .....	£248,704
Rateable Value 1st April, 1966 .....	£245,758.
Product of a Penny Rate (at 31.3.67) .....	£975.
Number of inhabited houses .....	4,329.

## VITAL STATISTICS.

### LIVE BIRTHS (area comparability factor 1.01) -

Number 228

	<u>M.</u>	<u>F.</u>
TOTAL	128	100
Legitimate	118	98
Illegitimate	10	2

Rate per 1,000 population (adjusted) - 17.49

Illegitimate Live Births (per cent of total live births) - 5.26%

### STILL BIRTHS -

Number 1

	<u>M.</u>	<u>F.</u>
TOTAL	-	1
Legitimate	-	-
Illegitimate	-	1

Rate per 1,000 total live and still births - 4

Total Live and Stillbirths - 229.

### DEATHS (area comparability factor 1.08) -

1. All causes	<u>M.</u>	<u>F.</u>
TOTAL - 124	73	51

Rate per 1,000 population - 10.15

2. Pregnancy, Childbirth and Abortion - Nil.

3. Infants under 1 year.

Number 2	<u>M.</u>	<u>F.</u>
TOTAL	1	1
Legitimate	1	1
Illegitimate	-	-

Total infant deaths per 1,000 total live births - 9

Legitimate infant deaths per 1,000 legitimate live births - 9.26

Illegitimate infant deaths per 1,000 illegitimate live births - 0

Deaths under 4 weeks per 1,000 live births - 4.38

Deaths under 1 week per 1,000 live births - 4.38

Stillbirths and Deaths under 1 week per 1,000 live and stillbirths  
- 8.73.

VITAL STATISTICS (Cont'd).

CAUSES OF DEATH OF CHILDREN UNDER 1 YEAR -

Anoxia with Inhalation of Vomit - 1

Congenital Polycystic Disease - 1

DEATHS FROM CANCER (All ages) - 25

Live Birth, Still Birth, Death and Infant Mortality Rates during Past Six Years.

GENERAL MEDICAL SERVICES.

Cambridgeshire and Isle of Ely  
Executive Council -

16, Station Road, Cambridge.

Clerk -

F. G. Lloyd, Esq.

East Anglian Regional Hospital Board - Union Lane, Chesterton,  
Cambridge.

Senior Administrative Medical Officer - Dr. J.B. Ewen.

(a) GENERAL -

- (1) North Cambridgeshire Hospital, Wisbech.
- (2) Clarkson Hospital, Wisbech.
- (3) Memorial Hospital, Peterborough.
- (4) Addenbrookes Hospital, Cambridge.
- (5) Doddington Hospital, Doddington.
- (6) Barton Road Hospital, Wisbech. (Aged sick)  
(closed 15/3/68).

(b) MATERNITY -

Bowthorpe Maternity Home, Wisbech.

All primiparous mothers may be confined in hospital and other mothers may be admitted for obstetric abnormality. On 8th December, 1967 the General Practitioner Unit was opened and now any woman, who wishes, may be confined in hospital.

(c) INFECTIOUS DISEASES -

Isolation Hospital, Peterborough.  
Hardwick Isolation Hospital, King's Lynn.

(d) TUBERCULOSIS -

The area chest physician holds a weekly clinic at North Cambridgeshire Hospital, Wisbech.

In-patient accommodation is provided through the East Anglian Regional Hospital Board.

(e) MENTAL ILLNESS -

Accommodation is provided (through the East Anglian Regional Hospital Board) usually in Fulbourne Hospital. This is arranged directly by the local General Practitioners.

(f) VENEREAL DISEASE -

- (1) Addenbrookes Hospital, Cambridge.
- (2) Peterborough Memorial Hospital, Peterborough.
- (3) West Norfolk and King's Lynn Hospital.

(g) MEDICAL EQUIPMENT SERVICE -

Medical equipment is provided on loan by the St. Johns Ambulance Division and the Red Cross Medical Loan Depot by arrangement with the County Council.

COUNTY MEDICAL SERVICES.

(A) Midwifery, General Sick and Public Health Nursing -

The Nursing Staff is employed by the Cambridgeshire and Isle of Ely County Council either directly or by arrangement with the County Nursing Association under the National Health Service Act, 1946.

In the parishes given, all those undertaking midwifery and general nursing are qualified to administer gas/air analgesia and pethadine, and the necessary number of gas/air machines are available for their use.

ELM, UPWELL AND OUTWELL :

Miss A. Heney,  
Halfpenny Lane,  
ELM,  
(Wisbech 4806).

Q.N. Midwife, General Nursing,  
S.R.N. Public Health Nursing,  
S.C.M. School Nurse, Health Visitor  
H.V. for Elm.

Miss R. Ward,  
County Hall,  
MARCH.

S.R.N. Health Visitor for Upwell  
S.C.M. and Parson Drove.  
H.V.

WISBECH ST.MARY AND PARSON DROVE :

Miss B.M. Robinson,  
Church Road,  
WISBECH ST.MARY.  
(Wisbech St.Mary 249).

Q.N. General Nursing and  
S.C.M. Midwife.

Miss M.E. Joynt,  
Horsefair Clinics,  
WISBECH.

Q.N. Health Visitor for Wisbech  
S.R.N. St. Mary.  
S.C.M.  
H.V.

LEVERINGTON, NEWTON AND TYDD ST. GILES :

Miss E.M. Burdett,  
High Road,  
GOREFIELD.  
(Newton 274).

Q.N. Midwife and General  
S.C.M. Nursing.

Mrs. M.M. Reid,  
Horsefair Clinics,  
WISBECH.

S.R.N. Health Visitor.  
S.C.M.  
H.V.

Mr. R. Blackley,  
Sandringham Avenue,  
WISBECH.

S.R.N. It is very satisfying to note  
Q.N. that there is now a male Nurse  
in the Wisbech Borough and  
Rural Districts.

(B) Ambulance and Hospital Car Service -

The radio-controlled ambulance system is now working well. There is one ambulance control centre at March which directs ambulances and hospital cars with speed and economy to the points where they are required. As part of the overall scheme, 3 ambulances are stationed at Wisbech and there are 6 other ambulances throughout the Northern Area of the County.

(C) Infant Welfare Centres -

Christchurch (Parish Hall) .....	4th Monday.
Guyhirn (Village Hall) .....	3rd Thursday.
Parson Drove (Church Hall) .....	1st Wednesday.
Leverington (Church Hall) .....	2nd Tuesday.
Fridaybridge (Church Hall) .....	4th Wednesday.
Wisbech St. Mary (Women's Institute) ....	2nd Thursday.
Newton (Women's Institute) .....	1st Thursday.

(D) Home Help Service -

Available for confinements, cases of illness and for social reasons in the aged.

LABORATORY SERVICES.

Public Health Laboratory Service,  
Peterborough and District Memorial Hospital,  
Midland Road,  
PETERBOROUGH,  
(Director: Dr. J. Glencross).

Public Health Laboratory Service,  
Tennis Court Road,  
CAMBRIDGE.  
(Director: Dr. Fry).

Public Analyst,  
The Laboratory,  
Tenison Road,  
CAMBRIDGE.  
(S. Greenburgh P.H.D., B.Sc., F.R.I.C.).

## OTHER SERVICES.

### Health Education -

All primiparous women are given the opportunity of attending relaxation and Mother and Baby Care Classes during their pregnancy. Recognised Women's Meetings e.g. Church groups and Women's Rural Institute Meetings, occasionally ask for a speaker on Health Education, and such requests are readily complied with by the Public Health Department,

### Personal Cleanliness -

There is a bath-house available at the Borough Public Health Department. This year it was necessary to use the service once.

### Disinfection and Disinfestation -

Premises - By the Senior Public Health Inspector's Staff.

Bedding and Clothing - Which cannot be dealt with by this department are sent to Clarkson Hospital, Wisbech.

NOTIFIABLE INFECTIOUS DISEASES - 1967.

Notifications.

Dysentery .....	0

TOTALS:	73	51	124

72 people died at home.

52 people died in hospital or other institutions.

Deaths from selected causes during the years 1962 to 1967.

	1962	1963	1964	1965	1966	1967
Lung Cancer	7	7	7	4	4	5(4)*
Motor Vehicle Accidents	2	3	3	0	1	3(3)*
All Other Accidents	1	7	2	2	4	2(1)*
Suicide	-	3	1	1	-	-
TOTALS	10	20	13	7	9	10

I draw your attention to these causes of death as being essentially preventable. The number of deaths from lung cancer, of course, gives no indication of the number of cases diagnosed and successfully treated.

(\* Numbers in brackets are under 65 years old).

ANNUAL REPORT OF THE SENIOR PUBLIC HEALTH INSPECTOR.

HOUSING.

I am indebted to the Senior Public Health Inspector for the following report.

Number of Dwellings completed during 1967 -

Council Bungalows	-	20	Private	-	50
-------------------	---	----	---------	---	----

Number of Dwellings under construction at the end of 1967 -

Council Bungalows	-	13	Private	-	55
-------------------	---	----	---------	---	----

UNFIT HOUSES -

There are approximately 93 sub-standard houses in the district, but it must be appreciated that this figure is based upon a survey made some considerable time ago and although many houses have been improved and modernised some have deteriorated in condition, especially those near the border line at the time of the survey. The following number of unfit houses were dealt with during the year as follows.

	<u>Demolition Orders</u>	<u>Closing Orders</u>	<u>Demolished in Anticipation</u>
Elm	7	-	1
Leverington	-	-	-
Newton	1	1	-
Outwell	-	-	-
Parson Drove	3	-	-
Tydd St. Giles	1	-	-
Upwell	3	1	2
Wisbech St. Mary	1	-	3
	16	2	6

## RENT ACT, 1957 -

During the year there were no applications for Certificates of Disrepair, and no applications for the revocation of Certificates of Disrepair by owners of property.

## IMPROVEMENT GRANTS -

Applications for grants for the improvement of private dwelling houses are dealt with jointly by the Public Health and Architect's departments as in previous years. During the year Discretionary Grants were approved for 6 houses to a total of £2,400. Standard Grants were approved for 37 houses to a total of £7,424.

Although an increase in applicants for grants has taken place the public are still not taking full advantage of this scheme as originally envisaged despite the intensive advertising material put out on the matter.

## BUILDING REGULATIONS -

The examination of all plans submitted under the Building Regulations, the preparation of reports to the Planning Committee and subsequent inspection of work in progress, is carried out by the Public Health Department.

I must again draw your attention to the great increase in the work caused by the Regulations. Higher standards and the almost continuous advice requested by both public and the trade make great inroads into the time of the department. The question of an increase in the staff of the department to deal with part of this work should be investigated.

Many of the anomalies of the original Regulations have now been ironed out by various amendments but the poor standard of lighting for domestic kitchens remains unchanged, the standard should be equal to that of other habitable rooms.

During the year 233 plans were dealt with which shows an appreciable increase over the plans submitted during the previous year.

## CESSPOOL EMPTYING AND COUNCIL'S SEWAGE DISPOSAL PLANTS -

The Council now operate four cesspool emptiers, a Ford Thames Trader vehicle with a capacity of 1,000 gallons, a Dennis vehicle with a 750 gallons capacity, a Bedford vehicle of 1,000 gallons capacity and a new Ford vehicle of 1,000 gallons capacity. The Fords and Bedford vehicles are each crewed by two men and the Dennis vehicle is used by the Housing Department for cesspool repair work on Council houses, sewage plants and as a relief vehicle. The work carried out by these vehicles consisted of the emptying of 2,771 domestic cesspools and privies producing 2,861 loads, 418 loads of sludge were removed from the Council's twenty one sewage disposal plants.

A great deal of co-operation exists between the Public Health and Housing departments and Pollution Officer of the Drainage Board and our constant aim is to maintain and improve where necessary the effluents of these plants. As a rule the orthodox type of plant gives a consistently good effluent but the extended aeration plants at Guyhirn and Wisbech St. Mary by reason of their working method can quickly produce a very bad effluent. It therefore follows that supervision of these particular type of plant is great.

Disposal facilities kindly permitted by the Borough Council of Wisbech are utilised and more and more use is being made of it. The other disposal methods, namely straw pans and stubble are still in use and five shillings per load is paid to land occupiers.

I would point out that the emptying figures have shown a substantial overall increase, one of the reasons for which is the steady increase in drainage systems being installed in the district. It is obvious too that the new sewerage system is long overdue and that if the emptying burden continues its increase then at least another vehicle will be needed.

## REFUSE COLLECTION AND DISPOSAL -

A fortnightly collection of refuse is carried out over almost the whole of the district, together with a twice weekly collection for about six or seven months of the year from the Agricultural Camp at Fridaybridge.

The service is operated by one vehicle an Eagle Crushload of fifty cubic yard capacity and crewed by three men. The old Shelvoke and Drewry fore and aft tipper has been retained as a spare vehicle and its use as such is essential for the efficiency of the service.

The refuse disposal facilities are shared with the Marshland Rural District Council and the Borough Council of Wisbech. The method of disposal in the Wisbech Canal remains the same. Soil is dug out by an R.B. excavator, the excavation is back filled with refuse and is consolidated. The excavated soil is then used to cover the refuse and this soil is handled by a tracked bulldozer. Insect and rodent control are carried out assiduously.

The volume of refuse is increasing and with the various types of packaging of commodities this is to be expected. The report of the Working Party on Refuse Collection has made it clear that the emphasis is on a weekly collection and it is hoped that the Council will consider this proposed improvement to the Public Health services. The question of bulky household refuse should also receive attention. The Civic Amenities Act, 1967 will make a difference to the appearance of the countryside and a system for the removal of abandoned car bodies can now be set up.

A salvage system is in operation, all types of materials being utilised and sold through a local firm. The revenue for the year was £128 after deduction of the collectors' bonuses.

#### FOOD -

All food premises in the district were inspected and where necessary occupiers were requested to give attention to contraventions of the Food Hygiene Regulations. A high degree of co-operation exists between food traders and the department. The Food Hygiene (Markets, Stalls and Delivery Vehicles) Regulations 1966 came into force at the beginning of the year. They will strengthen the present food hygiene requirements for these forms of trading.

There is one poultry processing plant in permanent use. Regular inspections of premises and poultry are carried out.

#### SLAUGHTERHOUSES ACT, 1958 -

#### MEAT INSPECTION REGULATIONS, 1963 -

The district is served by one slaughterhouse owned and operated by Mr. N.V. Gagen of Gorefield. All animals slaughtered at the slaughterhouse at Wolf Lane, Gorefield are inspected and stamped in accordance with the Meat Inspection Regulations but it has been again found impracticable for an inspector to be present at the dressing of all carcasses, however inspections are carried out as quickly as possible. There are fixed days for slaughtering and animals sent to the slaughterhouse for emergency slaughter are immediately notified to the department so that inspection can be carried out. I would like to record my appreciation for the co-operation of the slaughterhouse operator during the year, together with both the local veterinary profession and the divisional veterinary officers of the Ministry of Agriculture, Fisheries and Food. The income from inspection fees during the year was £56. 18. 9d.

## LICENCES TO SLAUGHTER AND STUN ANIMALS -

Six persons were licenced to slaughter and stun animals. One provisional licence was issued.

## CARAVAN SITES AND CONTROL OF DEVELOPMENT ACT, 1960 -

There were two site licences for the stationing of caravans issued during the year. The permanent residential site in the area was maintained satisfactorily.

## RODENT CONTROL -

There is no full time operator employed by the Council. Work to Council property and sewage plants is carried out by the members of the Housing department staff. The same system but on a part-time basis operates for the length of the Wisbech canal to be used for refuse disposal. Heavy kills are made in this part of the district. The normal level of infestation remained fairly high during the latter part of the year. Advice and instruction were given to the public. The problem of rodent infestation is one which should be dealt with on a national basis and planned as one would a battle because this is exactly what it is. Apart from the fantastic economic damage caused one must remember the hazard to public health caused by these animals.

## PETROLEUM ACTS -

When underground petroleum tanks are installed in the district the necessary inspections are carried out prior to installation.

## ANIMAL BOARDING ESTABLISHMENTS ACT, 1963 -

There is one premises used for boarding in the district. Accommodation is provided for twelve animals. Satisfactory conditions were maintained.

## SWIMMING POOLS -

There is no large public swimming pool in the area. There are small pools attached to most schools in the area. Samples taken from these pools proved satisfactory. Advice is given by the department to head teachers if this is deemed necessary.

OFFICES, SHOPS AND RAILWAY PREMISES ACT, 1963 -

At the end of the year 40 premises, employing 90 persons were registered, as detailed below -

REGISTRATIONS AND GENERAL INSPECTIONS.

Class of Premises	Premises Registered During year	Total Premises Registered end of year	Registered Premises Inspected
Offices	1	13	4
Retail Shops	Nil	20	17
Wholesale shops, warehouses	Nil	3	1
Catering Establishments open to public	Nil	2	2
Fuel Storage depots	1	2	2
Totals	2	40	26

ANALYSIS OF PERSONS EMPLOYED IN REGISTERED PREMISES BY WORKPLACE

Class of Workplace	Number of Persons Employed.
Offices	31
Retail shops	26
Wholesale departments, warehouses	3
Catering establishments open to public	19
Fuel storage depots	11
Total	90
Total Males	41
Total Females	49

LAY-BYES - SANITARY ACCOMMODATION -

It is most pleasing to report that sanitary conveniences have now been provided at Guyhirn near Wisbech on the A.47 road. My appreciation must be expressed to the Council and also the County Council and Ministry of Transport for the expeditious manner in which the conveniences were erected. The conveniences were opened in mid-August and I am unable to give a comprehensive report on their working until a full summer has passed, but up to the end of the year no trouble had been experienced in their operation.

## WATER SUPPLY -

This service is provided by the Wisbech and District Water Board. Monthly summaries of bacteriological and chemical examinations are sent through to this department by the Board's chemist, Mr. Collins, whom I wish to thank for his ready help with problems regarding water supply. Results have been of a very high standard and there was no contamination calling for special action by this department. A short table of examination results are set out below -

	<u>Samples submitted</u>	<u>Satisfactory</u>	<u>Unsatisfactory.</u>
Bacteriological	805	805	Nil
Chemical	55	55	Nil

The district as a whole is well supplied and there are very few houses now which do not have a mains water supply available.

Carcases and Offal inspected and condemned in whole or in part.

1967

1.1.67 to  
31.12.67.

	Cattle excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Horses Horses
